Retail Interview Checklist

Practical tools for retail professionals

Before the interview

Research the organisation, role, commercial priorities and recent changes. Prepare six STAR examples covering leadership, delivery, conflict, stakeholder management, commercial impact and learning.

Your evidence

Quantify results wherever possible. Use revenue, cost, time, risk, customer, adoption or delivery measures.

During the interview

Answer the question directly, provide context briefly, explain your personal contribution and finish with the outcome and learning.

Questions to ask

Ask about success measures, priorities, stakeholders, leadership expectations and the first 90 days.
